### About Us

Luvkare Enterprises, Inc. is a Community Integrated Living Arrangement (CILA) that supports the independence and empowerment of individuals with disabilities. We help our residents become productive members of society by providing

- ♥ Daily living skills
- ♥ Access to employment and education programs;
- ♥ Transportation
- ♥ Relationship-building skills

Our goal is to assist individuals with disabilities to achieve their maximum potential within their families and communities.

### Philosophy

Luvkare believes that a house should feel like a home because "Home is truly where the heart is". It is our purpose and honor to service the community of the developmentally disabled individual. We will promote independence, integrity, and dignity of each person served. A lifestyle and atmosphere promoted by peace, tranquility, and the acceptance of individual difference makes Luvkare the preferred home by families. Providing integrated and holistic services to a special group of people is the main purpose for the existence of Luvkare Enterprises.

### Mission

To serve and support developmentally disabled individuals by providing a safe, nurturing, and loving environment. Facilitate the need of each individual by maximizing independence in the areas of vocation, community, living, and social integration.

### Goals

- ♥ To establish community integrated homes for individuals with developmental disabilities.
- ♥ To ensure services consistent with a social model based on the premise that the resident's unit or room is his or her home.
- ♥ Luvkare will promote optimal independence with activities of daily living by teaching and/or reinforcing normal routine.
- ♥ Luvkare will always strive to maintain the highest standard of quality services with emphasis on maintaining and promoting the optimal health of the client.
- ♥ To provide a safe environment utilizing routine safety drills with appropriate safety plans.
- ♥ To maximize and promote the abilities of individuals with disabilities through an array of services for social and economic independence.
- ♥ To ensure a belief system that honors each client as an individual deserving the best possible care regardless of race, color, gender, nationality, or economic status.

### Objectives

- ♥ To establish a CILA based on a social model that promotes the dignity, individuality, privacy, independence, and autonomy of our residents.
- ♥ To provide for the health, safety, and welfare of residents in our CILA.
- ♥ To promote continuous quality improvements in assisted living.
- ♥ To provide and promote services that are an important part of the continuum of mental health care with supportive services designed to meet the individual needs and preferences of the resident.
- ♥ To provide a residential environment designed to encourage family and community involvement.
- ♥ To provide services either directly or indirectly to help residents obtain and maintain their independence.
- ♥ To keep open lines of communication with neighbors and surrounding businesses to ensure successful integration of individuals to the community.
